

Visit from UCL

London's Global University

Join the *Office of Merit Scholarships, Fellowships & Awards*

Who: Students, faculty, and advisors are welcome

What: Presentation on *studying in the UK*

When: Thursday, March 8, at 1:30 p.m.

Where: Mary Gates Hall 258

We are excited to have *Monika Harms* from *University College London, UCL*, visit the UW campus on March 8, 2012. This is a great opportunity to have students, advisors and others learn about *graduate education* in the *UK* as well as some of the *scholarships* that have been developed to support that study. In addition, Ms Harms will introduce the campus to exciting graduate offerings, both taught and through *research*, being offered at UCL. We currently have a BioE alum, Jesse Burk-Rafel, at UCL completing a one-year MRes in Clinical and Experimental Medicine as a Whitaker Fellow.

Please RSVP for this presentation at the following link:
