Marketing/Social Media Intern for Fashion eCommerce Boutique (Bellevue)

JJ Caprices is an online fashion boutique that features unique and one-of-a-kind artisan handmade women's accessories carefully curated from around the globe. We are looking for a smart, motivated, creative, dependable intern who loves to take brilliant Instagram pics, write clever and interactive posts, design a social media schedule, blog about fashion (and travel), engage at events and trunk shows with clients and help with marketing projects. The willingness to find delight in tasks outside your specific responsibilities is also a big bonus...after all that is what small business life is all about.
